RE: **Request for Water and/or Sewer Availability & Associated Costs**

When considering development of a tract of land, one of the first steps a developer (or their design professional) should complete is the application for water and sewer availability.

The following items **SHALL** be included with a water and/or sewer availability request:

- Project name, tax map & parcel number, property address and existing zoning
- Project location map
- Anticipated sewage flows in Single Family Unit Equivalents (SFUEs). 1 SFUE = 350 GPD.
- Anticipated water meter size(s), for the intended use, determined by the developer's engineer (see chart below).
- Email Application to: EngineeringMBX@franklintn.gov
- For additional information or questions please call: 615-791-3218
  - Development related projects: Amanda Ray
  - All other inquiries/requests: Sarah Roop

Applicant is to submit the request form with all items addressed. Additionally, when water and/or sewer plans are submitted for review the final hydraulic analysis of the line/s shall be included with the submittal. Use State of Tennessee or other acceptable standards for flow calculations.

**There is a 30 day maximum turnaround time for the requests. Unless your requests requires Board of Mayor & Aldermen (BOMA) approval then will be notified of the date of the BOMA meeting at which your request will be brought up.**

**The availability is granted based on the following time periods:**

- Construction plans are to be prepared and submitted within one year from the granting of availability.
- Construction of the water and sanitary sewer improvements shall begin within one and one-half (1 ½) years from the granting of availability.
